Dear Sir:

Applicants have reviewed the Examiner's Statement of Reasons for Allowance with the January 4, 2007 Notice of Allowance and Allowability regarding the above-referenced U.S. patent application. Entry of the Statement into the record should not be construed as any agreement with or acquiescence in the reasoning stated by the Examiner. In addition, the Reasons for allowance only identify some limitations from some allowed claims. Each of the claims stands on its own merits and is patentable because of the combination it recites and not because of the presence or absence of any one particular element.
